Oilers vs Chiefs

Early Season Bloodbath

Oilers defeat Ravens 17-7

An early season meeting of two powerhouse teams did not leave fans disappointed. Both teams came out with a strong defensive mindset leading to a 10-7 halftime score in favor of the Oilers. Trying to strike back quickly in the second half the Ravens tried to force a tough completion over the middle leading to an interception. The Oilers were able to capitalize on the opportunity to take a 17-7 lead in the game. Both teams played staunch defense over the last 7 minutes of the game not allowing another score in the game.

3-Peat Denied Again

At the start of CAG NFL 45 Dazzo0007 was chasing CAG history in being the first team to go for a 3-peat in the league. History however was crushed in the Semi-Finals as Pcat defeated Dazzo0007 18-16 on a last second FG. Only time will tell if a 3-peat will be achieved with only 2 active coaches (Dazzo0007 and Run and Shoot) ever getting close.

Early Season Bloodbath

Early into this young season it appears that no one in the standings is safe. This season so far has seen some of the top teams fall, and new teams notching their first ever CAG wins. Will this trend continue throughout the season or will the power house teams once again find a way to rise to the top.
